## CLUBBED RIOTERS.

Unruly Miners Get a Headache.

Negroes and Hungarians Clash at Zeigler, Ill. Using Various Weapons.

State Rangers Wallop "Reds" at Cornwall, Pa., and Arrest Two Score.

Constabulary Will Stay at the Mines Until Danger All Is Past.

(BY DIRECT WIRE TO THE TIMES.)

LAKEWOOD (Ill.) March 8.—

A lively riot occurred be-

tween negroes and Hun-

garians employed in the coal

mine at Zeigler, and several

combats on both sides re-

ceived injuries, but no deaths

have been reported. It is said

that the riot resulted from ill-

feeling that has been brewing

for some time over labor dif-

ficulties. Guns, knives, razors

and clubs were brought into

play, but finally order was re-

stored, and the outbreak was

not resumed today. It is feared,

however, that quiet has been re-

stored only temporarily.

(BY DIRECT WIRE TO THE TIMES.)

LEBANON (Pa.) March 8.—The

bloodthirsty of the Mafia who,

to the number of 300, struck yesterday

and threatened to kill the officials of the

Cornwall ore mines, were subdued by

the State Constabulary today.

Nobody is dead, but two score of the

Italians are nursing broken heads in

the County Jail, having learned a les-

son that they will not soon forget.

When Capt. Groome, in command

of the forty-five State Rangers who

were rushed by Gov. Pennypacker to

Cornwall from Reading, was told that

his force would be insufficient to quell

the rioters, and that it might be nec-

essary to send for more troops, he

grinned.

"Wait until I turn my boys loose on

'em in the morning," was his laconic

reply. "Every State trooper has seen

military service, and most of them

are dardavies."

WHEN MORNING BROKE.

When morning broke, the an-

gular members of the Mafia issued

from their homes to give battle to the

handful of men that had been sent

against them, they ran up against the

surprise of their lives. So long as the

belonging of the Italians vented

itself in jeers and curses, the troops,

who had been posted around the en-

trance to the mines, stood grimly in

defiance.

The Mafia's troubles began when it

ventured to back up its epithets with

a shower of bricks. In an instant,

Capt. Groome gave the order to his

men to close ranks and advance. In

another instant the strikers were get-

ting all the fight they had been yearn-

ing for. For a few moments, deceived

by the scanty numbers of the troops

and their own superior strength, they

fought desperately. But against the

## MAMMOTH LOCKHART ESTATE.

Trustees Make a Report on Property of Deceased Standard Oil Mag-

nate Valued at \$150,000,000.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH, March 8.—[Ex-

clusive Dispatch.] Trustees for a \$150-

000,000 estate make a report here to-

day. The estate is that of Charles

Lockhart, the Standard Oil magnate

who died a year ago. It was first

thought the estate was only about

\$25,000,000, but subsequent facts re-

vealed its astonishing proportions.

Mrs. Eleanor Lockhart Flower, the

daughter, who was given only the in-

terest on \$300,000 by the terms of the

father's will, brought the contest,

and relatives settled for \$3,000,000.

"ROCKY'S" GATE

RIS CARRIED OFF.

TWO WATCHMEN FAIL TO KEEP

STRICT GUARD OVER IT.

(BY DIRECT WIRE TO THE TIMES.)

LAKEWOOD (N. J.) March 8.—[Ex-

clusive Dispatch.] One of the greatest

obstacles that has stood in the way of

those who have recently endeavored to

determine whether John D. Rockefeller

is hiding in his country home here was

removed last night, when a ponderous

gate that barred the roadway in Ridge

avenue, leading to the Rockefeller

house was stolen. Although two

watchmen guard the estate at night,

neither of them knew of the disappear-

ance of the gate until late this morn-

ing.

The gate weighs a ton, and was

made especially to Rockefeller's order.

It was placed in position last autumn

by him, when he sought to keep out

the villagers, who, with crowds of

sightseers, were constantly interrupt-

ing his daily game of golf on his pri-

vate links.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, March 8.—[Ex-

clusive Dispatch.] H. H. Rogers, pre-

sident of the Standard Oil Com-

pany, and James H. Archbold treas-

urer of the same corporation, came to

this city, this evening, and made a call

on the President at the White House.

The relations between the President

and the Standard Oil Company have

been strained since February, 1904,

when the President made public cer-

tain telegrams sent by Standard Oil

officials to members of the Senate

which had come into his possession,

and which strongly objected to the

passage of the then pending Anti-trust

Bill. The effect of the publication of

these telegrams was to pass the bill,

and the Standard officials were re-

ported frequently, during the campaign

of 1904, as seeking in various ways to

defeat the election of Mr. Roosevelt.

Rogers and Archbold registered at

the Arlington Hotel, where they had

dinner. They drove to the White

House a little before 10 o'clock, and

remained about an hour, when they

walked back to their hotel. They

would not say what they had talked

about at the White House.

While it is possible that the call

had some connection with the subject

of the message which the President

sent to Congress yesterday, calling at-

tention to the fact that without an

extra appropriation and power to

compel the attendance of witnesses,

the Tillman-Gillespie resolution, which

he signed, to investigate alleged rail-

Large Delegation of Company Officials Excused by the Governor.

Three Mutual Life Magnates Indicted for Grand Larceny and Forgery.

(BY DIRECT WIRE TO THE TIMES.)

ALBANY, March 8.—[Ex-

clusive Dispatch.] Timothy L. Wood-

ruff, president of the Provident

Life Insurance Company, acting as

spokesman of the insurance officers

now here, conferred tonight with the

Armstrong committee, which held a

private session in the Capitol to per-

fect its plans for tomorrow's public

hearing on the insurance bill.

Insurance men have been arriving

today on every train, and the hotel

lobbies are now filled with presidents,

vice-presidents and actuaries. Paul

Morton, president of the Equitable,

came in about midnight and joined

Joel G. Vance, the Equitable's ac-

tuary, who arrived early today. Pea-

body and McClintock, president and

vice-president, represent the Mutual.

The New York Life has the largest nu-

merical representation, with Alexander

E. Orr, president; Darwin P. Kingsley,

Thomas Buckner and Rufus W. Weeks

vice-presidents, and Hunter, of the

actural force.

It was planned by a large dele-

gation of insurance officers to call to-

United States government against the elevator companies has caused a sensation in California and the West, this being the first government legal proceeding ever instituted over here.

United States Dist. Atty. Devlin, who brought the suit, discussing his action, said:

"The complaint filed yesterday is against the Otis Elevator Company and thirty other defendants, who are alleged to be in one concern, and operating contrary to the provisions of the Sherman Act. The complaint was drawn up by me, but signed by United States Atty.-Gen. Moody, all such actions originating at Washington."

"The action is based on affidavits of men who were formerly in the combine, and who state that, while the defendants to the action are apparently separate concerns, they in reality are all under control of the Otis Elevator Company. The effect of this pooling of interests is to enhance prices and restrict trade with the view to controlling the elevator business of the Pacific Coast, with the probability that this is but a branch of a gigantic trust that controls the elevator output all over the United States."

#### EXPECTS CLEAR CASE.

"Such a combination is against the provisions of the Sherman law, and we believe that we have ample evidence against the trust to make out a clear case when it comes to trial. The affidavits of the men set forth in the complaint, whose names I do not now remember, are complete, and are based on personal knowledge. A great quantity of material of firms not in the combine has gone to waste, there being no sale for it."

"This proceeding has been carefully prepared, and will be pushed vigorously. In every phase of it, the Attorney-General has been consulted, and I regard the case as clear and strong against all the long list of defendants."

#### THE PARENT CONCERN.

The Otis Elevator Company is a concern with headquarters at Yonkers, N. Y. It was organized four or five years ago. By means of letters and telegrams in its possession, the government expects to prove that the Otis company has secured 51 per cent. of the stock of the companies by which it is alleged to be acting in collusion, in violation of the Sherman law. It is said that Dist. Atty. Devlin has a mass of evidence which has been collected showing that contracts were allotted, either at a profit or loss, according as they would benefit the so-called trust or injure business rivals. It is asserted that where no competition existed, big profits would be made on contracts and that where rival interests were affected contracts would be entered into at a loss, in order to injure the business of competing firms.

Kennedy Bryan of the Bryan company said that neither of the independent companies had been sued. He admitted that both himself and Van Emon had sworn to affidavits, and that these were two of the three affidavits which were attached to the complaint filed by the government. Further than this he declined to talk.

#### DENIAL BY ATTORNEY.

CHICAGO, March 8.—[Exclusive Dispatch.] While admitting that the Otis Elevator Company controls most of the important patents for elevator devices, which give it control of the business, Paul Brown, the Chicago attorney for the firm, today denied the company was violating the Sherman Anti-trust law.

"Some of the concerns with whom it is alleged we are in combine are active and vicious competitors," said Brown. "The premises of the government's claim are taken wrongly. Suits have been instituted by the Otis Company for infringement of its patents. The persons it has prosecuted in California are doubtless behind the government's step."

An official of the Elevator Constructors Union declared the signing of agreements between the union and elevator companies in Chicago usually depends upon the attitude taken by the Otis people.

"When the Otis people consent to our terms, the others sign up without delay," he said.

#### JUDGE MORROW'S ORDER.

ST. FRANCISCO, March 8.—[Exclusive Dispatch.] In the suit against the Otis Elevator Company and others, United States Circuit Judge Morrow today ordered that the defendants should appear and show cause, March 25, why temporary injunction should not issue compelling them from acting under the unlawful agreements or contracts set out in the bill of complaint.

STATEHOOD  
VOTE TODAY.Senate Hears Last Speeches  
on the Subject.Mr. McCumber Pleads for  
More Western States.Tom Patterson Tells Anec-  
dote About New Mexico.

(BY THE ASSOCIATED PRESS—P.M.)  
WASHINGTON, March 8.—Today afforded the last opportunity for general debate on the Statehood Bill, and the session was devoted to that order of business. Starting with a speech by Mr. McCumber, which began a few minutes after 11 o'clock, there was no cessation in the speaking until the adjournment. The whole time was occupied by three Senators, Messrs. Beveridge, McCumber and Patterson, the former two supporting and the latter opposing the bill and Mr. Beveridge contending that while Arizona and New Mexico were unprepared for separate Statehood, it was unjust to keep them out of the Union as one State. He took ground against the Foraker amendment, which allows each Territory to vote separately on the question of Statehood.

Mr. McCumber opposed the joining of even Oklahoma and Indian Territory, and Mr. Patterson held that Arizona and New Mexico should be admitted as separate States.

The Senate will begin voting on the amendments offered to the bill at 4 p.m. tomorrow, and the final vote will be taken before adjournment for the day.

**MET AN HOUR EARLIER.**  
The Senate met at 11 o'clock, an hour earlier than usual, in order to afford additional time for the discussion of the Statehood Bill, but it looked for a while as though that object would be frustrated by the lack of attendance on the part of the Senators. When the hour for meeting arrived, not a single seat in the chamber was occupied, but as the Vice-President and the chaplain entered, through the north door, Mr. McCumber and Mr. Gearin appeared at the top of the stairs, and Mr. Teller and Mr. Patterson came in a few moments later. Other Senators were slow in arriving, and at 11:15 when Mr. Patterson began to speak on the Statehood Bill, less than a dozen Senators were in their seats.

**MR. McCUMBER'S SUBSTITUTE.**  
Mr. McCumber introduced his speech by presenting a substitute for the Statehood Bill, creating one State out of Oklahoma and another out of Indian Territory, the latter under the name of Sequoia, in honor of the Cherokee scholar of that name, and entirely eliminating New Mexico and Arizona. He made an argument against the consolidation of the Territories into separate States, contending that more Western States were necessary to give the agricultural and other trans-Mississippi interests strong representation in Congress. He predicted that in the near future the West would have a larger population than the East, and said that even if present boundary lines were preserved, it would still be impossible to secure adequate representation for the West in the Senate, and therefore the balance of power in the Senate must necessarily be against the western section.

**PROTECTION OF THE EAST.**  
Mr. McCumber declared that the time would come when the East would find its protection in the West. He referred to the influence of foreign immigration in eastern communities, and in this connection said that at its last election Chicago had elected a Socialist as Mayor.

**TILLMAN ON THE MESSAGE.**  
When Mr. McCumber closed, Mr. Tillman gave notice that, as soon as opportunity offers, he will address the Senate on the message of the President sent to the Senate yesterday on the coal-inquiry resolution recently passed by Congress on Mr. Tillman's motion. He referred to the President's message as a "very remarkable document," and said that but for the pressure to proceed with the Statehood Bill he would ask to be heard at this time.

**PATTERSON OPPOSES BILL.**  
Mr. Patterson then addressed the Senate on the Statehood Bill, speaking in opposition to the passage of the House Bill. He devoted his attention almost exclusively to the portion of the bill providing for the joining of Arizona and New Mexico, and contended that Arizona, as now founded, had an unquestionable right to ultimate Statehood.

He expressed the opinion that both Arizona and New Mexico were now prepared for separate Statehood, and contended that the country was in honor bound to admit them. He made when the Territory of Arizona was created.

**A BIT OF HISTORY.**  
Mr. Patterson gave an interesting account of the narrow escape that New Mexico had from becoming a State when Colorado was admitted in 1876. At that time, Mr. Patterson said, the delegate in Congress from Colorado, and Senator Elkins the delegate from New Mexico, both of whom were passed by the House, and after being amended, were also passed by the Senate. When the bill was returned to the House from the Senate it was held on the Speaker's desk, and while it was retained there, Mr. Burrows, now the Senator from Michigan, made a speech which Mr. Patterson said was so eloquent that it aroused the great enthusiasm on the part of the Republicans, while at the same time it enraged the Democrats.

Mr. Elkins was among the first to offer congratulations to Senator Burrows, and the Democratic members were not slow to note his enthusiasm and to determine to punish him for the offense. As a consequence, when at 2 o'clock in the morning of the last session, an effort was made to take the Colorado and New Mexico bills from the Speaker's desk, the effort succeeded in the case of Colorado, but failed in the case of New Mexico.

Mr. Patterson concluded that if New Mexico was ready for Statehood thirty years ago, it was now prepared for it.

This anecdote related by Mr. Patterson as a reply to the charge which, Mr. Patterson said, had been so frequently made that he had been respon-

sible for the election of President Hayes by his assurance that if Colorado should be admitted to the Union, and at that time, its electoral vote would be cast for the Democratic candidate, whereas it was found when the returns were counted that the Republican votes were in the majority.

**SENATORS CALLED AWAY.**

(BY THE ASSOCIATED PRESS—P.M.)  
WASHINGTON, March 8.—Regardless of the fact that the Statehood Bill was the only question discussed in the Senate today, the House Railroad Rate Bill continued as an absorbing topic, and groups of Senators met in earnest, but informal consideration of the many propositions that have been suggested in the way of amendment. Without doubt, no bill has been given so much attention when the issue between the opposing factions has been one that could be settled through the use of so few words. The question is the choice of the words.

Several Senators will answer Bailey's speech. Among these is Senator Nelson. He takes the position that Senator Bailey has brought forward a plan that is not in harmony with the Constitution. Democratic Senators are disposed not to enter into a general discussion of the rate bill until after Senator Bailey's proposition has been presented. He was called to Mississippi, today, by the serious illness of his father.

Senator Aldrich, the leader of the Republican Senators who are seeking to amend the bill, is in New York, called by the illness of his daughter, Mrs. John D. Rockefeller, Jr.

**Vote to Consider the Bill Abolishing the Grade Shows Overwhelming Sentiment in Its Favor—Passage of Indian Bill—Pins Irrigation Project Separated from Irrigation Fund.**

(BY THE ASSOCIATED PRESS—P.M.)  
WASHINGTON, March 8.—The House today passed the Indian Appropriation Bill and proceeded to tangle itself over the bill to abolish the grade of lieutenant-general in the army. The result was an adjournment for lack of a quorum after members had been locked in the hall for half an hour, and the sergeant-at-arms had been searching the various hotels in search of members. The vote to consider the bill showed an overwhelming sentiment in its favor, and as it is the pending business under order of committee it will probably be reported and passed in the course.

**CONSULATES IN ORIENT.**  
The House agreed to a resolution calling on the Secretary of State for the report of Herbert H. D. Pattee, on the condition of American consulates in the Orient, and especially Shanghai.

**PIMA IRRIGATION PROJECT.**  
The Indian bill was then taken up for amendment. On motion of Mr. Mondell of Wyoming, the irrigation fund was relieved from the \$200,000 charge for the irrigation project of the Pima Indians on the Gila River reservation.

With several unimportant amendments agreed to, the bill was reported to the House at 4 o'clock from committee of the whole, and passed without opposition.

After the passage of the Indian bill, considerable time was taken up on a bill establishing additional court towns in the Indian Territory, which finally was withdrawn.

**THE MILITARY.**  
When the Military Committee was reached in the call, Mr. Prince of Illinois called up his bill to abolish the grade of lieutenant-general in the army, a question not being present, the doors were closed against the departure of members, the sergeant-at-arms was directed to bring in absentees and the roll was called on the question of considering the bill. This vote resulted in 102 yeas and 32 nays, with answering present, lacking 30 of a quorum.

Mr. Payne, on inquiring and being informed that should the House adjourn, the bill would not lose its place in the order of business, moved to adjourn. The motion was carried and at 5:30 o'clock Speaker Cannon declared the adjournment.

**JUSTICE BROWN RESIGNS.**

**KNOX DECLINES APPOINTMENT.**  
(BY THE ASSOCIATED PRESS—A.M.)  
WASHINGTON, March 8.—Associate Justice William Brown of the Supreme Court of the United States has resigned from the bench, and has notified the President, who has accepted his resignation.

The President offered to appoint Senator Philander C. Knox of Pennsylvania to the vacancy, but the latter declined. Justice Brown was 70 years of age. He will serve through the present term of court, and will probably retire in the fall.

**KNOX'S MILD SENSATION.**  
(BY THE ASSOCIATED PRESS—P.M.)  
WASHINGTON, March 8.—[Exclusive Dispatch.] A mild sensation was caused here today by the announcement that Senator Knox had declined the offer from the President to appoint him Justice of the Supreme Court, to succeed Justice Brown, who will retire in the fall. The offer to appoint him Justice of the Supreme Court, to succeed Justice Brown, who will retire in the fall. **MOODY ON SUGAR TRUST.**  
**EVIDENCE HIGHLY IMPORTANT.**  
(BY THE ASSOCIATED PRESS—A.M.)  
WASHINGTON, March 8.—Upon being shown the publication in the New York American today regarding the alleged granting of rebates on the transportation of sugar, Atty-Gen. Moody said: "Some weeks ago a representative of that paper called on me and said that information was in the possession of that paper tending to show that large rebates on the transportation of sugar had been given to the American Sugar Refining Company by the trunk lines of railroads running out of New York City, and asking if the Department of Justice desired to use the information in legal proceedings. An examination of the matter showed clearly that it was highly important, and tended to show the giving and receiving of large rebates on the transportation of sugar brought to the attention of Mr. Stimson, who had been selected by the President as District Attorney for the southern district of New York."

**NEW YORK CONFERENCE.**  
Following this, on the first day of February, which was the date of Mr. Stimson's taking office, a conference was held in New York between the Attorney-General, Mr. Purdy, and Mr. Stimson, when the evidence was gone

over with great care.

"It is the purpose of the department to proceed carefully, but with all possible expedition."

"It is to be said that until this information was furnished to the department by the representative of the American Sugar Refining Company, had no knowledge or suspicion of the facts, and that the representatives of that company have aided the officials of the department in all ways within their powers."

**THE PARTIES CONCERNED.**

(BY THE ASSOCIATED PRESS—A.M.)  
NEW YORK, March 8.—Evidence of a definite agreement between the railroads running out of New York City and a division of the sugar-freight business, and also the payment of rebates, was given before the United States grand jury here today. Representatives of William H. Hearst, the complainant in the case, declared the government was in possession of documentary proof on every point charged, and that the United States District Attorney's office was confident of exposing the most startling relations existing between carrying and producing trusts.

The Delaware, Lackawanna and Western company, M. Palmer of the firm of Havemeyer & Elder, a dock company, and others are the defendants in the principal rebate action, and other railroads figure in other proceedings. Nearly every railroad with terminals in New York and New Jersey is concerned in the proceedings.

**BURN ON THE CANAL.**

(BY THE ASSOCIATED PRESS—A.M.)  
WASHINGTON, March 8.—Prof. William H. Burr today resumed his testimony before the Senate Committee on Intercommerce. He continued the cost of excavating per cubic yard at some 30 cents for steam-shovel work for lowland work, and 20 cents in Canals cut, to \$2.50 for the most expensive work to be encountered, that of removing rock under water.

The witness then took up the minority report, and gave technical testimony concerning the borings made in the vicinity of Gatun dam. He said it was shown that the character of the soil or rock was permeable, and that the safety of the proposed dam may be questionable. The flow of water, he said, indicated that it was not arid, but proceeded from underground connections with the Chagres River.

**HIS BILL BREEDS AGITATION.**  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, March 8.—[Exclusive Dispatch.] The McKinley bill permitting diversion of Sacramento River waters in Tehama county for irrigating 200,000 acres of land is exciting discussion here and on the coast, and between both places correspondence is passing by mails and telegraph. Before pressing the measure Mr. McKinley wired to the Secretary of the Chamber of Commerce, to lawyers and river navigation interests for opinions. They decided they must see the text before answering. Mr. McKinley wired the text today.

There is great difference of opinion as to whether the irrigation scheme would lower the river's level to a dangerous extent. Representative Gillett today received by wire a protest from the Redding Board of Supervisors against the bill as tending to a lower level. Other members of the delegation have raised similar communications, as well as some on the other side favoring the bill. Pending a hearing of the bill before the subcommittee on Interstate Commerce, Mr. McKinley will watch the threatening-out of the subject for advice.

**JAPANESE EXCLUSION.**

**FOOD FAVORS THE BILL.**  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, March 8.—[Exclusive Dispatch.] It was learned yesterday that John Ford, president of the American Asiatic Society, will champion the cause of the Foster bill before the House Foreign Affairs Committee when the hearings have opened. Food, organization favors the bill, the claim for a noble humanitarian, righteous and just cause, as well as for alleged promotion of commerce with the Orient.

Representative Ford made a speech favoring Japanese exclusion which he will deliver at the earliest opportunity, perhaps tomorrow, during the general talk on the Indian Appropriation Bill.

**WASHINGTON BRIEFS.**

**Commission to New Zealand.**  
WASHINGTON, March 8.—[Exclusive Dispatch.] Secretary Metcalf today asked Congress for \$10,000 to pay the expenses of two American commissioners to the exposition at Christ Church, New Zealand, from April, 1908, to April, 1917. Mr. Metcalf admits it is impracticable for the United States to be an exhibitor at the show, but says American commerce with the Antipodes is so great, \$7,500,000 annually, as to warrant representation by this country officially. The fate of the project is regarded as doubtful.

**One for "California."**  
WASHINGTON, March 8.—[Exclusive Dispatch.] Representative Hayes once more lives on California street. He did so when he first came to Washington. Then Congress changed the thoroughfare's name to T street. Hayes forthwith introduced a bill to change the name back again. It passed both Houses, and the President has now signed it.

**Santa Rosa Public Building.**  
WASHINGTON, March 8.—[Exclusive Dispatch.] Representative McKinley today introduced a bill providing for the erection of a public building at Santa Rosa for the postoffice and other government offices. The cost, including the site, is limited to \$100,000, and the building is to be surrounded by an open space of forty feet on all sides, as protection against fire.

**For an Indian Warehouse.**  
WASHINGTON, March 8.—[Exclusive Dispatch.] The House today accepted an amendment to the Indian Appropriation Bill, providing for the construction of a warehouse at San Francisco from \$3000 to \$10,000.

**Oklahoma Officials Removed.**  
WASHINGTON, March 8.—The President has removed from office John D. Oliphant, register; J. A. Trotter, receiver, and J. S. Chapman, clerk, of the land office at Mangum, Okla., for irregularities in their conduct of the business of the office. Today he appointed George B. Roberts to be register, and William Mangum to be receiver. The appointment is only temporary, as the Mangum office is to be discontinued in April.

Penney and the Vanderbilt Interests Form Merger.

Million-Dollar Deal is Behind Walsh Sale.

Direct Wire to THE TIMES.  
PITTSBURGH (Pa.) March 8.—[Exclusive Dispatch.] The startling announcement was made tonight that the Standard Oil Company, Erie and Pittsburgh Railroad, and the Pennsylvania Railroad, had agreed to a merger of the latter two companies.

The Standard Oil Company, which has been an independent contracting firm, has been purchased jointly by the Pennsylvania and Erie railroads. The amount in interest is not less than \$10,000,000.

The sale means that the Pennsylvania and Erie railroads, which have been in the hands of the Standard Oil Company, will be sold to the Standard Oil Company, which has been an independent contracting firm, has been purchased jointly by the Pennsylvania and Erie railroads.

## WOMAN FACES UGLY CHARGES.

Fire and Debt Cloud Over San Pedro Bakery.

Mrs. Esther Walls Is Accused by Wholesalers.

She Declares She's Innocent of Doing Wrong.

Because she failed to mention an indebtedness of \$200, in a sworn statement to a local wholesale house, Mrs. Esther Walls, who until recently conducted a bakery at San Pedro, was taken into custody last night by Constable Jack Adams and Detective Potts at her home in the seaside city. The case has sensational features.

The warrant for the arrest of Mrs. Walls was issued from Justice Young's court yesterday and last night the woman was brought to this city. Other charges besides that of swearing falsely will be brought against her. She is accused of obtaining money under false pretenses.

The bakery at San Pedro burned to the ground the latter part of January and some suspicion attached to Mrs. Walls. An insurance policy of \$500 on the bakery was paid to the proprietor in spite of the ugly stories.

Now it is said the woman drew \$500 out of bank the day before the fire, and represented herself as being penniless. She also is said to have sold a large part of the stock a short time before the fire, without mentioning the sales. These charges will be investigated.

The insurance money is said to have caused most of the trouble, as Mrs. Walls, soon after the money was paid to her, borrowed the whole sum over to her mother, Mrs. James McEllen, claiming to owe her exactly \$500.

### OWES WHOLESALE.

Mrs. Walls' liabilities, which amount to \$100, are distributed among eleven of the large wholesale houses of this city. Her creditors, at a meeting on Monday, decided to take action at once. Detective C. E. Potts of the Credit Men's association was dispatched to San Pedro and the woman was brought to this city. There was a dramatic scene in the board of trade when the business men listened to the story of the woman.

Members of the board declared yesterday that the woman had made a full confession at the meeting and had promised to pay at once her full indebtedness. They declared the mother who waited outside, "quered the deal."

Mrs. Walls is a handsome woman of about 35 years. The story of her husband's death while at his work as brakeman on the Southern Pacific Railroad, since which time the support of the small family has fallen upon her. She opened the bakery to make a living. Her creditors declare the woman received \$750 damages because of the injury to her husband and that this money was used to purchase the bakery. They say she deliberately planned to cheat her creditors, and it is averred further that the bakery fire was incendiary.

### NO MENTION OF DEBT.

In her written statement to a wholesale firm in this city Mrs. Walls makes no mention of a debt of \$200 to her mother. As soon as the insurance money was paid, the creditors say the debt was conveniently arranged to transfer the money to Mrs. McEllen.

The creditors of Mrs. Walls affirm that if the woman had mentioned the \$500 in her liabilities she would have been insolvent and could have received no credit. As a result of what they term her false statement, hundreds of dollars' worth of goods were delivered to the San Pedro bakery and the woman had unlimited credit.

At the time in San Pedro yesterday when Constable Jack Adams called, he was told by Mrs. McEllen that Mrs. Walls had gone to Downey. Mrs. Walls, however, was found in the kitchen, and was at once placed under arrest. Bond could not be obtained in San Pedro and she was brought to this city and placed in charge of woman detective. The husband of Mrs. Walls accompanied her to Los Angeles. He appears to be an able-bodied man.

The woman attempts to treat the matter as a joke. She at first refused to come to Los Angeles, but after persuasion made no objections and came readily, declaring herself innocent of wrongdoing.

Detective Potts has spent several days in San Pedro collecting evidence against Mrs. Walls. Yesterday the woman attempted to get plant warrant against Potts, declaring she was being persecuted. The warrant was not issued. Potts declares he still has a sensational story to tell at the trial.

### SUICIDE OF BARTENDER.

John Dohn Prefers Death to Leaving Los Angeles and Turns on the Gas.

Because he could not secure employment in this city, although a position was open to him at Avalon, John Dohn, aged 31, became despondent and committed suicide Wednesday night by inhaling gas. He was a guest at the Sunnyside Hotel at No. 219 North Broadway, and yesterday morning when the odor of gas escaping from the room was noticed, the door of the room was forced and he was found dead in bed.

He had left no note, but had made careful preparations to die. The windows and transoms of his room had been carefully sealed, the door shut and locked and his trunk and some of the furniture piled against it to form a barricade so that the door could not be opened without difficulty. Before going to bed he had turned on four gas jets.

Dohn had been employed for about four years in this city in various capacities as a bartender. Six months ago he went to Salt Lake City, but returned to Los Angeles a few weeks ago. He failed to find employment here, but had accepted a position at Avalon and was to have gone there yesterday. Dohn was originally from St. Louis, where he leaves a sister, Mrs. E. Avery.

### WIFELESS JANTZEN.

Woman Picked Up in Matrimonial Bureau Gone and He Wants Her Held for Insanity.

This picture of the bliss gained by Chris Jantzen through a matrimonial bureau needs a little fixing, to make it fit the present circumstances.

Chris is the blond German who gained considerable fame by reason of his trial in the United States courts of this city on a charge of sending indecent letters through the mail. Wrangling out of that scrape, his thoughts gently turned to love, with results of which he is now waiting aloud to the authorities.

Chris says that matrimonial bureaus ought to be "shown up." His sad story will be told by showing them up. Chris applied yesterday to the officers to arrest his vanished wife on a charge of insanity.

"Too hasty," he said to a Times man. "Too hasty for a marriage."

"A few days after that for a woman at the time. I was a widower with four children and of course I had to have some female around the house. I went to a matrimonial bureau on Hill street and they told me about this woman. She had been around there for a couple of days looking for a man."

Herr Jantzen sighed heavily. "When we had been married a few months," he went on, "she got a letter from Germany and I read part of it. I guess she had a husband there and forgot to get divorced."

"I said to her, 'I haven't you got a husband already besides me?'"

"She just blushed and said: 'Oh, let's talk of something else.' I asked her if she had a husband before me and forgot to get divorced; and she said: 'I don't remember any more.'"

"So," said Chris, judicially, "I guess she had."

Chris said one day he went home and found that the lady of his heart had pulled out for the Salvation Army Rescue Home, taking all the money in the bank.

"No," answered Chris to a question; "it wasn't her money. It was—well, community property."

Chris claims that his wife had a criminal operation performed without his knowledge a few weeks ago and it made her crazy. She has left his bed and board in favor of the Salvation Army.

He has beseeched the officers to go after her, send her to the asylum and bring him the bank account.

"Very big fraud dose matrimonial bureaus," he declared. "They told me I had \$3,000, and what did I get but doctor's bills?"

"Dat woman she didn't even leave me a power of attorney so I could sell my property when she skip out."

### WANTED TO SEE EXCITEMENT.

New Jersey Young Man, When Arrested Confesses to Sixth Attempt to Wreck Trains.

NEW YORK, March 8.—Four young men who were arrested near Passaic, N. J., today, charged with attempting to wreck the eastbound Buffalo express on the Delaware, Lackawanna and Western Railroad, early this morning, have confessed that this was their sixth attempt at train wrecking. All the attempts were made in the vicinity of Passaic. They said the only reason for the acts was a desire to witness the excitement which would result.

The Buffalo express today escaped disaster by an exceedingly narrow margin. It was running at a high rate of speed, when the engineer saw the obstructions. He managed to stop the train less than a car's length from where a number of ties and iron fish plates were placed upon the track.

### ISSUED FORGED SHARES.

AMERICAN HELD IN LONDON. LONDON, March 8.—Harry Samuel Simmons and Franklin Everhart, Americans, were arrested here today and each remanded in \$10,000 bail on charges of conspiracy and obtaining large sums of money by fraud. The prisoners are described as stock and share brokers and are alleged to have issued forged shares and certificates in connection with Alaska, Oklahoma, Cripple Creek and Manitoba mining companies. According to the police evidence, Everhart is vice-president of the "Mining Securities and Investment Corporation," alleged to be registered at Oklahoma City. The pair have been in London a few months.

COLORADO SPRINGS (Colo.) March 8.—Everhart is said to have been formerly connected with the United States Cereal Company of New York, which was closed out by the United States postal authorities in 1904. The company is said to have guaranteed 150 per cent. return in investment.

### OKLAHOMA CITY, March 8.—Inquiry here develops the fact that the "Mining Securities and Investment Corporation" had an office here about a year ago for a short time, but very little is known here of either Simmons or Everhart, and they have been gone over a year.

### CRIME BRIEFS.

Discovered He Had Another Wife. DAYTON (O.) March 8.—All the evidence in the case of Dr. Oliver Haugh, charged with the murder of his parents and his brother, is in Mrs. Della Betters of Ludington, Mich., testified that she had been married to Dr.

### Convicts Guilty of Murder.

JEFFERSON CITY (Mo.) March 8.—Harry Vaughn, Charles Raymond and "Toebor" Ryan, charged with the murder of Gateman John Clay, in the attempt November 21 last of several convicts to escape from the State Penitentiary here, were this morning found guilty of murder in the first degree.

The attorneys for the three men immediately filed a motion for a new trial and arrest of judgment. The court set next Saturday for a hearing on the motion and ordered the convicts brought to court at that time to receive sentence in case a new trial is denied. The convicts showed complete indifference when the verdict was rendered.

### M. P.'S PRESSING FOR PAY.

Service in House of Commons for Nothing Putting Members in Sore Straits.

LONDON, March 8.—The House of Commons, after a discussion occupying the whole of the evening session, ended, by a majority of 233, the motion introduced by the capitalist Liberal, William Hesketh Lever, representing the Wirral division of Cheshire, in favor of the payment to members of Parliament of £1000 yearly.

In the course of the debate Premier Campbell-Bannerman spoke cordially in favor of the payment of members, but said the government at present had neither the time nor the money to carry it into effect. For the reason given, the Premier explained, no legislative effect will be given Mr. Lever's motion.

The great accession of labor members to the House of Commons has made the matter of payment a pressing one, many of the new members contending that there ought to be some allowance toward defraying the heavy expenses inseparable from the position of members.

### AGITATE FOR EPILEPTIC COLONY.

CHICAGO, March 8.—After being permitted to remain in abeyance several years, the agitation for the formation of a State epileptic colony has been taken up and is being vigorously urged by the Reform Committee of the Chicago Woman's Club. It is estimated there are 10,000 epileptic patients in the various insane asylums and poor farms of Illinois who receive no skilled attention, and many of them might be cured by expert treatment. For a great portion of each year most of them are perfectly normal. It is contended that their detention in insane asylums works a great hardship on the State.

**TALKS WITH TRAVELERS.**  
The rejection of the Western Federation of Miners by the workers of Bisbee, Ariz., has resulted in a boom to the little city likened to the discovery of oil in former days, said Charles Webster of the International Gas and Light Company of Bisbee, who arrived in Los Angeles yesterday.  
Mr. Webster was enthusiastic over the outcome of the voting of this week and said that his company had wired instructions from the headquarters in Minneapolis to begin work on a big gas and light plant at Bisbee, which will cost over \$100,000 and which was held in abeyance until the miners had determined their status on the Western Federation business.  
Others who had planned big things for the Bisbee district had ceased operations subsequent to the entrance of organizers for the federation. Now these have all been started anew, and the entire town is singing with prosperity and contentment over the rejection of the agents of the cut-throat gang from the town.  
Mr. Webster is stopping at the Angelus Hotel with T. A. Potter, also of Minneapolis, and a report is current in connection with their stay in this city that a new project of considerable importance is afoot for the Territory.  
Mr. Potter is also enthusiastic over the decision of the miners and tells how the founding of an entire new town adjacent to Bisbee had been held up until the union had been crushed down. Warren is to be a new industrial district of Bisbee, and it is estimated that over \$250,000 is to be spent in that section. Now that the union is barred and prosperity for the workers is assured, work has been started anew.  
**ARIZONA.**  
**JOY IN BISBEE OVER DECISION.**  
**MINERS' ONE-SIDED VOTE RE-STORES CONFIDENCE.**  
Scheme of Western Federation to Shoulder Expenses of Criminal Trials on Arizona Rejected by Overwhelming Odds—Tolson Gang May Try to Put Clutches on Small Properties.  
(SPECIAL CORRESPONDENCE OF THE TIMES.)  
BISBEE (Ariz.) March 7.—There is deep joy in Bisbee over the result of Monday's vote on the question of unionizing the camp. The miners decided by a vote of 228 to 42 that they did not need unionizing. The result is generally taken as decisive, and general confidence has returned to the city. Credit to the workmen has been restored and the business interest is breathing more freely.  
But there seems no doubt that many union sympathizers, seeing defeat certain, did not present themselves at the polls. The Arizona Federation of Miners made this public announcement through the Review: "The advisory board of the Western Federation of Miners has held a meeting and authorizes me to state that it has decided not to recognize the election to be held in Bisbee on Monday, and will take no part in it."  
This is interpreted to mean that the unionists have served notice that they did not intend to be bound by the result of the election, seeing their defeat so plainly written, and that they will continue their work of organization, in the hope of capturing to themselves some of the smaller mining properties of the camp. But they have given up for a time, at least, their glittering scheme of showing the independent workman out of the camp.  
Another feature of interest was that organization would have meant an addition of \$15,000 a month to the funds charged by the Superior and Pitsburgh mine, just after forty-three men who had been working in the stope had left to eat their lunches. As it happened, no one was injured, but not a man would have escaped alive had the fall taken place a half-hour earlier.  
**BISBEE BREVITIES.**  
John Calne, a miner in the Junction shaft, was killed while at his work by the falling upon him of a heavy rock. His neck was broken.  
An avalanche of rock, estimated in weight at 50,000 tons, fell into a great stope in the Superior and Pitsburgh mine, just after forty-three men who had been working in the stope had left to eat their lunches. As it happened, no one was injured, but not a man would have escaped alive had the fall taken place a half-hour earlier.  
Crime has entered Paradise. In the examination at that camp of A. B. Boswell, a former salaried miner, was charged with the murder in his place of business last Thursday of a mining man, L. B. Reed, Boswell claims to have been in self-defense.  
At Douglas yesterday an Italian, Galtano Catalano, took summary vengeance upon a disturber of his domestic peace, and may go to the gallows, though there is a possibility that the other fellow will die. The Italian's wife had become enamored of a Mexican, Tomas Bernardo, who had to be shot at before he would quit hanging around the house. Then he ran off with the woman, several small children being left behind. Yesterday morning the husband came home from his work at the smelter to find that he had been shot. He found the trespasser sitting on the bed, strumming his guitar. This musical interlude was too much for the husband, and he shot Bernardo, who is now in the hospital, and probably will die, for the jaw and lower part of his face were torn away by the shot.  
**PRESSURE WATER SYSTEM.**  
PHOENIX IS INVESTIGATING.  
PHOENIX (Ariz.) March 7.—Engineers are looking into the possibility of securing for Phoenix a gravity water supply system, involving the pumping of water by canal to a point where a reservoir may be constructed, near the foothills. From this reservoir the water would be 265 feet, giving a pressure of 125 pounds in the city mains. With such a pressure, there would be no need for maintaining the present expensive fire-engine service.  
**WAIT ON CARNEGIE.**  
The City Council has ordered a new registration of voters for the May election. It has repealed the ordinance that practically prohibited the entry of "carriers" into the city. The Council also has ordered inquiry made into the reason why Andrew Carnegie has not sent the \$25,000 offered by him for the construction of a public library in Phoenix. The Council has fulfilled all the requirements of the donor, but the money has not come to hand, nor has any explanation.

**DEATH BY INDIGESTION**

A Long Train of Fatal Ills is The Direct Result of Undigested Food.

Undigested food, by fermenting, forms a poison in the stomach, and this is absorbed in the blood. If this goes on very long, and your heart happens to be weak, you'll be found some morning dead in bed, or you may fall back down the stairs about an hour and a half after dinner, and the doctor will call it heart disease. Yes, that may be the result, but not the cause. The cause is indigestion. Indigestion is a simple, common word, but it has a terrible import.

And so you may get apoplexy, and die suddenly while you're standing.

If you have a weak liver, the poison of undigested food will attack it and you will get jaundice. If you have weak kidneys, you will get Bright's Disease or diabetes, from which there is no rescue for any man.

It was a learned physician who said that the progress of a race depended upon the stomachs of its members.

And you have at some time in your life eaten a heavy meal, or eaten in a hurry, and felt that "lump of lead" immediately afterward. That lump of lead is a hard ball of undigested food. The stomach can't digest it and finds it hard to throw it out. And so it sours, and it makes you sour and everybody sour who talks with you. It gives you a bad breath and is building for you the road to dyspepsia and death, unless you stop it.

Stop it with Stuart's Dyspepsia Tablets. Just think, these little tablets are every bit as powerful as the gastric juice in your stomach. One grain will digest 3,000 grains of food. Isn't this wonderful? And it is true, just try it, and prove it.

If you have any brash, gas on the stomach, fermentation, burning, bloaty feeling, indigestion, dyspepsia or heartburn, Stuart's Dyspepsia Tablets will make it disappear before it can do any harm to your heart or other organs.

They will invigorate the stomach, relieve the stomach of two-thirds of its work and give it a chance to rest. They will increase the flow of gastric juice, and if you will ever "live" in your lifetime, it will be after you have eaten a good, hearty meal, and taken one of these little tablets immediately afterward. You'll just feel fine.

## FLASHES FROM WIRES.

The resignation has been accepted at Annapolis of Midshipman Adrian B. Cather of West Virginia, a member of the fourth class.

The San Francisco Police Commissioners have disallowed the charge against Policemen Wilson and Morton made by Marie Lawlor.

By the collapse of the gallery standing in Earl's mine at Hahli, district of Tarvid, Austria, forty miners and one engineer were killed.

The International Waterways Commission has reached an agreement regarding Niagara Falls, by which both countries will take all precautions to save its scenic beauty.

The defeat of the Republican candidate for Comptroller in the Second Ward, Seattle, is fully established. Also, that of the Republican candidate in the Eleventh Ward. The Second Ward is the home of United States Senator Piles.

It is announced by one of her family that Mrs. Robert Shaw, nee Langhorne, sister of Mrs. Charles Dana Gibson, is engaged to be married to Waldorf Astor, son of William Waldorf Astor of London.

In a saloon fight near the line of the Chickasaw Nation, thirty miles east of Lawton, Oklahoma, James Caldwell and Thomas Caldwell were shot and killed and a third man, name unknown, was seriously wounded.

A British dispatch says an Englishman named Bistock, who exported wool to America, has mysteriously disappeared from a neighboring Tartar village, and it is feared he has been murdered. He had \$10,000 on his person.

Gov. Johnson, as a member of the Governor's insurance commission, has consented to act with the Stuyvesant Fish Commission in the reorganization of the New York Life and the Mutual Life Insurance companies.

Robert Francis Harper, brother of the late President William H. Harper of the University of Chicago, has been appointed by the trustees of the university acting head of the department of Semitic languages and literature, left vacant by the death of President Harper.

An official delegation from Des Moines, headed by Mayor George Matson, arrived in Boston to attend the presentation of a copper bell from citizens of Des Moines to the cruiser bearing that city's name, which is at the navy yard, undergoing repairs.

There will probably be no investigation of the New York State banking department by a joint special committee of the legislature, as contemplated in the concurrent resolution adopted early in the session and ever since slumbering in the custody of the Senate Committee on Finance.

According to the London Chronicle's Constantinople correspondent, a struggle is proceeding between British and German ambassadors over an attempt by Germany to secure the concession of a coaling station on the island of Thasos, which Great Britain is trying to defeat.

Young men employed in the Panama Canal offices at Panama, organized a Young Men's Christian Association. Col. Gorgas, chief sanitary officer of the Canal Zone, was elected president, and Gov. Magoon, Engineer Stevens and Judge Gudgeon were chosen vice-presidents.

The managers of the Seattle and Tacoma poker clubs, San Francisco, are determined to fight to the finish the sudden mandamus issued by District Judge Langdon Tuesday evening, which ordered them to close their places of business to further gambling in any form.

The Ohio Senate adopted a joint resolution requesting Congress to call a convention of the various States for the purpose of submitting an amendment to the Federal Constitution, providing for the election of United States Senators by direct vote of the people. The resolution goes to the House.

The Santa Cruz Good Government League, which is conducting a campaign for the enforcement of laws against gambling and is generally opposed to the present city administration, has nominated candidates for Mayor and two Councilmen for the municipal election next month.

At Burlington, Iowa, a rear-end collision between two sections of a freight train on the Burlington Railway resulted in the injury of four men. A section of New Virginia, a stockman, was fatally injured. The accident was caused by the first section of the train breaking in two.

The Iowa Legislature convened in joint session to pay tribute to the memory of ex-Speaker David R. Henderson of the National House of Representatives. Speaker Clark of the Iowa House and Senator George W. Dunham, personal friends of the late Speaker, delivered eulogies.

Mrs. Ethel Geachey Brown, whose body was taken from the Seine, near Paris, was a native of Fayetteville, O., from which place she removed after the death of her parents twenty years ago to some unknown place. The identification was made through a clue found in Cincinnati.

Gen. James F. Smith, recently appointed Governor of the Philippines at Manila, was tendered a popular and quiet previous to his departure on a six months' vacation trip via Europe. There was a large attendance of military and naval representatives of the provincial Governors, and the Governor-General was given a magnificent send-off.

A Christian cable says that after two days' debate, the Storting adopted by a large majority the government's proposals for several amendments to the constitution, rejecting the Parliament committee's amendments in favor of greatly reduced salaries. This is a victory for the Cabinet, which made it a question of confidence.

Special Agent Robertson resumed the stand in the packers' case and was again cross-examined. Asked if J. Ogden Armour had complained to the witness in 1904 that the packers were being watched and their movements dogged by the government Secret Service men, the witness said that Mr. Armour had made such a statement to him.

The bodies of Mrs. Clinton Metz and her two children, who were from death in the recent blizzard, have been found about half a mile from the Metz ranch, near Harris. The children became lost on the way home from school and the mother became lost while searching for them. The bodies were found about two hundred yards apart.

**COMMENDS DAWSON'S WORK.**  
American Representative in Santo Domingo Has Acted in Interests of Peace.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, March 8.—Jesse F. Dawson, former secretary of the Dominican republic, said last night that he desired that his views concerning the work of Mr. Dawson in Santo Domingo, and the proper disposition of the money that have accumulated from the collection of the customs of the island republic by the American authorities, be clearly stated.

He added: "Mr. Dawson has not interfered in the interior politics of Santo Domingo. His good offices have been sought a few times, and on those occasions he has acted in the interests of peace and in harmonizing all political parties."

"In regard to the money that are today in the National City Bank, I hold the opinion that the United States should not immediately attach to him. When the police were informed of the liberties which the boy had taken they placed him under surveillance, and last night made the arrest."

The boy confessed that he secreted the major portion of the stolen property under a shed near his home, and the balance was found in his person. All the property is now in the hands of the police.

**Won't Investigate Hearst Charges.**  
ALBANY, N. Y., March 8.—The Assembly today adopted a resolution calling on the State Attorney-General for information as to whether, in his opinion, in proceedings brought under a certain section of the election law, the ballots cast at the majority election in New York City last November can be recounted. The Attorney-General also is asked whether William R. Hearst, the Municipal Ownership candidate, or any candidate on that ticket, has made complaint to him or requested that he begin such

The New York engineering firm which was awarded an \$11,000,000 contract.

**Watch and Other Valuables Taken from House Are Found Where He Had Concealed Them.**  
The mystery surrounding the disappearance of a quantity of jewelry and other valuable property from the home of Mrs. E. R. Fuller, No. 140 East Fort Street, several days ago was cleared up last night when Detective McCann and Ziegler arrested 12-year-old Edward Eastman, who is charged with the crime.

The was first taken to the Central Police Station and for an hour was closely examined at detective headquarters. Here he made a confession, and a few minutes later was sent to the Detention Home.

Young Eastman lives in the vicinity of the Fuller home, and for some time past has been in the habit of entering the house and walking about through the various rooms. Mrs. Fuller has regularly placed it in a certain place which was easily reached, for the father, the lad confessed that he has been appropriating this money for weeks.

Then he decided to make a wholesale robbery of the house. While Mrs. Fuller was occupied with her work in the front yard a few days ago young Eastman entered the house and stole a gold watch, two gold chains, two diamond rings, three small rings, a sash and \$9 in cash.

He leisurely left the premises and suspicion did not immediately attach to him. When the police were informed of the liberties which the boy had taken they placed him under surveillance, and last night made the arrest.

The boy confessed that he secreted the major portion of the stolen property under a shed near his home, and the balance was found in his person. All the property is now in the hands of the police.

**Won't Investigate Hearst Charges.**  
ALBANY, N. Y., March 8.—The Assembly today adopted a resolution calling on the State Attorney-General for information as to whether, in his opinion, in proceedings brought under a certain section of the election law, the ballots cast at the majority election in New York City last November can be recounted. The Attorney-General also is asked whether William R. Hearst, the Municipal Ownership candidate, or any candidate on that ticket, has made complaint to him or requested that he begin such

**GET RID OF THE GAS**  
Dr. Williams' Pink Pills Strengthen the Stomach and Enable it to Do Its Work.  
When the stomach is feeble the food lies in it undigested, decays and throws off poisonous gases that disend the walls of the stomach and cause interference with other organs, especially with the action of the heart and lungs. These gases have other ill effects. The nerves and the brain are disturbed and discomforts such as dizziness, hot flashes, sleeplessness, irritability and despondency originate from this source. Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will reach into the stomach and change the food into nourishment.  
Miss Minerva G. Ladd, of Ipswich, Mass., says: "I had a weak stomach from the time I was a little child. Whenever I took hearty food it would cause terrible faintness, and I would finally vomit what I had eaten. At times there would be the most intense pains through the upper part of my body. For days in succession, I would have to lie down most of the time. The doctor was often so great that I could hardly bear it, and the frequent and violent belching spells were very disagreeable, too."  
"My doctor's medicines gave me little relief and it was not until I tried Dr. Williams' Pink Pills that I found a cure. Within three weeks a decided improvement was noticeable. The belching spells were less frequent, the pains through my body were not so intense, my food was retained and after taking the pills for a few weeks longer I found that I was altogether free from the miseries I had so long suffered."

bloomed out as the promoter of a scheme for growing silk worms and the eventual establishment of a great ribbon factory at San Antonio that had no equal in this country outside of New Jersey.  
She promised fabulous returns, and as an inducement to get her friends into the enterprise pledged herself to return two dollars for every dollar placed in her hands. Her psychic powers were apparently as fully developed then as more recently, for money flowed to her hands in an unbroken stream of confidence by returning to the first takers of the stock double the amount of their investment. Mrs. Innes thus received \$100 for the first \$50 she invested, but although she continued to pay over to Mrs. Sauer until the latter had about \$700 of her money, she never got any more dividends.  
One day the city of San Antonio was flooded with advertisements for the sale of Sauer's shoe business and people who had placed their money with Mrs. Sauer began to get uneasy, but such plausible people easily countered every inquiry with plausible tales.  
Mrs. Sauer visited the home of Mrs. Innes (who was then Mrs. Getzwiller) and used all her powers of persuasion to secure \$50 more for the silk industry, but she had lost her cunning and failed in her mission. The very next day the Sauer's disappeared and dropped entirely out of sight, having taken with them, Mrs. Innes says, not a cent less than \$20,000 of confiding people's money. She names many among the losers, some of them very heavy. One poor widow sold her property and placed the money with Mrs. Sauer and died of a broken heart after the treacherous woman had run away. An aged spinster, Miss Hampton, and her sisters lost heavily and even Dean Richardson, rector of the church to which the Sauer's belonged and who had performed their marriage ceremony was fleeced.  
The story that Mrs. Innes tells of the exploits of "the queen of the realm of the unrequited" would make a book of racy romance.  
**BIND BANKER AND BLOW SAFE.**  
SPOKANE (Wash.) March 8.—Three masked men broke into the Inland Bank at Cunningham, eighty-five miles west of Spokane, early today. Banker F. W. Parker, who slept in the building, was seized, gagged, blindfolded and his arms and legs tied with wire. The robbers then blew open the bank safe with nitroglycerine, five charges being fired. The force of the explosion wrecked the building badly and destroyed some of the money in the safe, which contained about \$100. The bandits then left, leaving Banker Parker tied so securely that it took him nearly an hour to get loose and give the alarm.

**PARMELEE-DOHRMANN CO.**  
**GOES TO BROADWAY**

Our new building at No. 436 to 444 South Broadway is now nearing completion and preparations for the great removal have already begun. It will be a gigantic task to move all this stock of china, cut glass, house furnishings, etc., and rather than pay the expenses of moving it all we have decided to make radical price concessions throughout the house and give our customers the benefit.

**Removal Sale**  
Begins this morning at 8 o'clock

We have offered bargains before, but this sale will excel all others in quantity of stock involved and the lowness of prices. This stock simply must be reduced to the lowest possible point, and if low prices are any inducement we will move the greater portion of it to the homes of our patrons instead of to our new store.

**Dinner Sets**  
Priced Lower Than Ever Before  
You may not need a dinner set at once, but it will pay you to look a little into the future when opportunities like these are at your disposal.  
**\$2.75** for fine white semi-porcelain dinner set complete for six persons. This is a clear white ware with a finish equal to china.  
**\$12.00** for decorated semi-porcelain dinner set complete for twelve persons. This is a beautiful combination of white and gold. Splendid ware and a great bargain at the price.  
**\$24.00** for genuine Haviland china dinner set complete for twelve persons. This is a handsome white pattern and sells regularly at \$30.  
**\$11.50** for genuine white Haviland china dinner set same as above, complete for six persons.  
**COTTAGE SETS**—These dinner sets are of fine decorated semi-porcelain and are complete for six persons. Some of these are slightly mismatched and for this reason will be offered at ridiculously low prices. \$5, \$4.50, \$4 and \$3.75.

**Haviland China**

## EQUINES DRAW SOCIETY FAVOR.

Brilliant Opening of Pasadena Horse Show.

Tot in White, With Top Boots, Wins Crowd.

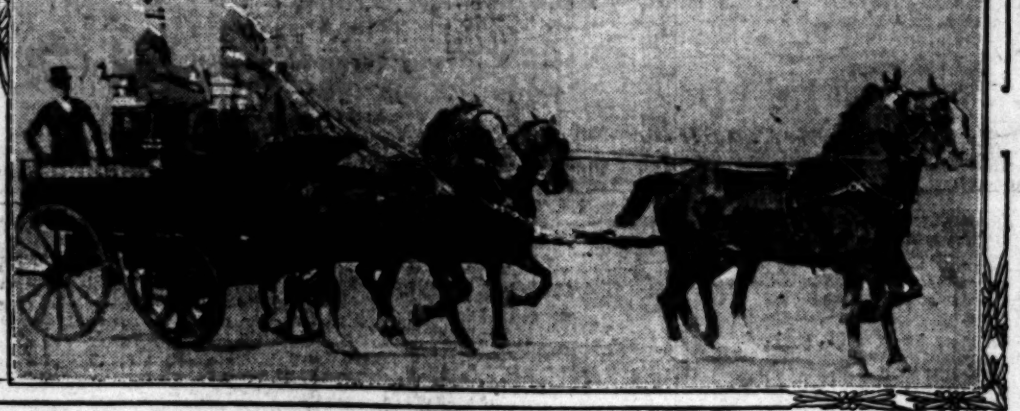

Creditable Display of Animals in the Ring.

For the second time in Pasadena history, the horse yesterday was king, with no one to dispute his sway. Everything was horse—the automobile slunk through the back alleys, and even the trolleys that brought people to the gates of Tournament Park seemed to feel the spell and crawled dutifully to their appointed stations as if they did not dare approach too closely the enclosure sacred to horse-flesh.

Society was there in platoons and regiments. Some of it went because it

ing, both because it was large and gave a good opportunity for comparison, and because there were many well-known entrants and horses.

Little Miss Florence Stuart-Taft, in white, with top boots, was easily the favorite of the stands, and when her mount was outpointed in the special 142 class, an audible sigh went up.

Another class that tickled the fancy of the audience were the shaggy, wild, squealing Shetland stallions. They looked as if you could go up to them and say "Lie down, Fido," and then push them over if they didn't behave. But you can't. When they wanted to go some place, they went, with unwilling attendants following at the end of the leads. The red ribbon pony was very polite, and made his little bow to the audience after he had been decorated, but he was as bad as the rest when he wanted to get out of the ring.

The tandems and the road fours were also objects of interest to those not having the points of a horse well in mind. Fine appointments were the eye, and the jangle of chains and the toot of the horns is music to any ear.

knows and loves a good horse; some went because it was a great society event. Whatever the reason, the result was a brilliant spectacle. However great the society aspect of the show, it did no more than keep step to the display in the ring. The exhibition of horseflesh furnished would draw a large gathering anywhere, even in the home of the horse show.

## "MAGIC" MACK FLITS TO SEA.

Wake of Debt Follows Son of Wealthy Easterner.

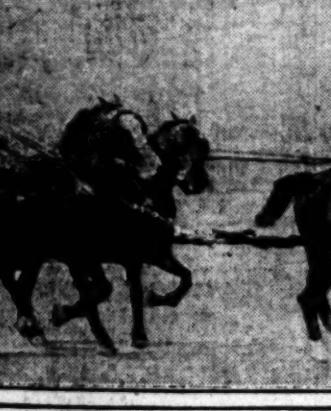

Cut a Dash in Society and Got Into Business.

Works a Shuffle With Firm's Funds and Goes.

After a short and lurid flurry in frenzied finance through which the popping of champagne corks and the swish of silk skirts could be heard, Morton H. Mack, son of Marc Mack, millionaire

some fancy turnouts, and the youngest exhibitors in the Pasadena Horse Show. Above is Price McKinney's famous jumper Tipperary, three-gaited saddle horse, a winner. Albert C. Burrage driving his four around the ring. John S. Cravens, who carried off five blues, showing a winning form. Below, Herbert C. Coppell of New York driving the blue-ribbon tandem, Cravens' Prince Royal and Sporting Duchess.

president of the United Cigar Company, better known as the "Tobacco trust" has shaken the dust of Los Angeles from his feet.

He left in his wake a host of unpaid bills, and took with him all the available cash of the Glen Miller Real Estate Company, which amounted to at least \$1500.

The First National Bank of this city has nothing to say about the young man, as Marc Mack yesterday met all checks and over-drafts. The amounts of these were reported to have totaled up another thousand dollars.

A number of business men of the city are holding checks issued by the young man and are eagerly asking the address of the elder Mack.

And while this flurry is on in Los Angeles, seated on one of the big steamers headed for Honolulu is Morton H. Mack.

Young Mack arrived in Los Angeles about six months ago and soon became known throughout a certain class as a good fellow.

## DEATH CLOSES NOTED CAREER.

Passing of Dennis Le Duc, Famed as Engineer.

End Comes While He Seeks Renewed Health Here.

His Brother and Sisters of French Nobility.

Famed in the engineering world, Dennis Le Duc, member of an old and noted French family, is dead here, after a long fight to regain his health. His brother and sisters are of the nobility of France, and his wealth is counted in large figures.

At the Church of the Blessed Sacrament, Hollywood, the funeral services were held yesterday, the solemn mass of requiem being celebrated by Rev. D. W. J. Murphy and two Los Angeles priests. Today the body will be taken for interment to Denver, Colo.

For many months Le Duc, who was but little more than fifty years old, had battled for the prolongation of his life, making his home in a modest little cottage at Sierra Vista and Wilbur avenues, Coleridge, where he died on Tuesday evening.

Accompanying the body on its last journey will go J. A. Fleming of Denver, a long-time friend, who reached

here on telegraphic summons two days before the death of the civil engineer. Le Duc leaves a large fortune in funds and realty in Montreal. He also leaves a record of a long career as civil engineer for the Canadian government, and as a successful builder of Canadian railways under great difficulties.

Dennis Le Duc was born in Montreal April 30, 1854, his lineage being connected with prominent families on both paternal and maternal sides. His mother being a Fontin.

Le Duc's early years were spent in Montreal, where he was given the best of educational advantages, and he was

wood on business and was absent during the entire afternoon. Mack left the office and returned with three suits of clothes which he had purchased at the store of Wood Bros. He left the office again and sent word that he was going to San Diego for a few days and for those at the office not to worry about his absence.

SHOCK FROM THE BANK. About 4:30 o'clock an official of the First National Bank came to the office of Mr. Miller and informed him that all of the money deposited to the company's credit had been drawn out by Mack during the day.

Becoming suspicious, Mr. Miller called up the residence of Prof. Scott of the Harvard School, where Mack boarded. He was told that Mack had left, saying he was going to New York. Messengers were sent to the Santa Fe and Southern Pacific stations to watch for Mack boarding any of the night trains, but no trace was found.

A search of the hotels of the city elicited the information that he had checked his baggage to San Francisco and had purchased a ticket for the same place.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Complaint was made at the City Hall yesterday that street gamblers are stealing scores of fine white bulls and fox terriers and selling them to the Igorrotes.

An ordinance will be passed by the Council Monday making the destruction of the American flag in Los Angeles a misdemeanor punishable by \$500 fine and six months imprisonment.

An unusual and strange proceeding in contempt in on the tap is Judge Bordwell's court, and today a citation will probably issue against W. A. Cooper, who is accused of handing an inkwell in a threatening manner.

The scandal surrounding the elopement of Dr. Walter Stapley with Mrs. Cannon was ended yesterday, when Judge Wilbur granted a divorce to Mrs. M. Stapley on her cross complaint.

Joe Redona and two other blind pig keepers were found guilty yesterday in the Police Court of selling liquor without license and the trio fined \$250.

Edwin Furze was convicted of beating his wife and fined \$20 or thirty days.

Police Justice Rose yesterday bound J. Simons over to the Superior Court for trial on a burglary charge and held under \$1500 bond.

## "NIGS GET 'EM" SEE POUND MAN.

### BLAMES THEFT OF BULL PUPS ON IGORROTES.

More Than Two Hundred Choice Canines Have Disappeared Since First of the Year—Only White Bulls and Fox Terriers Taken—Fancy Rewards Avail Nothing.

Are the Chutes Park Igorrotes growing fat and glossy on a diet of choice dogs?

Are they responsible for a disappearance of scores of white bull pups and fox terriers, some of them valued at more than \$100?

These two questions are just now puzzling the City Attorney's office and the police department.

During the last two months there has been an epidemic of thefts of fine dogs in Los Angeles. About all the missing ones are either white bull dogs or fox terriers.

Pound Master Vachet says that since January 1 inquiries have been made at the pound for more than two hundred high class dogs.

Some of these inquiries have not been couched in very choicest language. Owners have been rude enough to intimate that their property has been appropriated by the dog owner. Hence the wrath of the Pound Man.

Yesterday afternoon Mr. Vachet went to the City Hall to make formal protest. He thinks the dog owner ought to be stopped; it brings the pound master into disrepute, and at the same time it reduces the number of dogs.

"When people lose a dog," he said, "the first thing they think of is to blame the pound man. We have had more kids stolen from dogs in the last two months than for two years before."

"My deputies say there is no mystery about the thefts. They say the nigs at Chutes Park get 'em."

Strange to say, some of the owners of the fancy dogs have turned their attention to the Igorrotes; although our insular brethren have been with us since the first of the year.

Equally strange the advertisements for lost dogs—and during the last two months there have been scores of them—are almost invariably for either white bulls or fox terriers.

Igorrotes are particular about their diet of dog meat. They will eat only white dogs with short hair. The long haired varieties they keep for pets but never eat them; but a bull pup in good condition or a choice fox terrier is a mess fit for the chief headmen of a village.

No numerous have been the complaints about missing dogs that the police have been of the opinion that there is a gang of hoodlums here making a business of stealing dogs and shipping them to other cities, where they are sold.

Fancy rewards have been offered for some of the lost canines, but, with two or three exceptions, there have been no recoveries. Plainly the dogs are not wanted to hold for ransom.

The Pound Master has sent a tip to the police that if the officers in the vicinity of Chutes Park will keep their eyes open they may discover the trend of the lost dogs.

"In a number of instances," said Vachet yesterday "rewards of as high as \$50 have been offered for the return of the dogs, but I have never heard of one being sent back. They are probably in the soup hours before the advertisement appears."

"My boys are confident that the Nigs get 'em. One of the deputies told me the other morning that the night before he stopped a boy leading a white fox terrier down near Chutes Park. He says the boy confessed to him that he was taking the dog to the park and that a fellow there would give a dollar for him."

When the Igorrotes first came here Humans Officer Zimmerman warned the Chutes authorities that they would not be permitted to buy dogs for the Igorrotes at the pound.

To the pound master one of the managers of the Igorrotes said that it would not be necessary to get to the pound, that there are other ways.

"We did not find it necessary to go to the pound for dogs at Portland," he said, "and we will not have to do that here. The Blacks have a way of hooking up with the street gamblers that brings them plenty of dog meat."

An Igorrotes butcher never skins a dog. The canine is prepared for the soup simply by washing the hair off him. One result of this process is that it is impossible to identify the remains by the pelt.

The Igorrotes at the Chutes are looking unusually well. Whether it is due to fancy canine stew is still a mystery. In the meantime if the housewife pet is white and short haired, better put him in the safe deposit box until the Igorrotes leave town.

## AUTOISTS MUST PAY.

### LEWIS IS OBEDIENT.

City Assessor Lewis declined yesterday to forego the taxation of visiting automobiles caught in local garages.

Mr. Lewis says that they have been so assessed for years, and that he will not depart from the custom of his office.

Some members of the Council appealed to the Assessor yesterday to cut out assessment of machines of visiting autoists. At the time of his arrest he made some kind of a confession in which he stated that he had agreed with his two chums to leave the door of the building open on the night in question, and they agreed to look out for the rest.

Sullivan was found guilty yesterday of burglary by a jury in Judge Smith's court. The defendant, with two associates named Hogg and Pedan, was accused of having broken into the cash drawer in Eagle Hall, East Third Street, on the night of January 2. At the time of his arrest he made some kind of a confession in which he stated that he had agreed with his two chums to leave the door of the building open on the night in question, and they agreed to look out for the rest.

## TO PROTECT OLD GLORY.

Because there is no city ordinance providing a penalty for desecrating the Stars and Stripes no arrests will follow the detection of Chinamen making targets of the national colors in J. A. shooting galleries.

Councilman yesterday demanded that some action be taken to punish Chinamen who showed so little respect for the flag as to make it a target for their bullets.

Councilman Smith promptly declared that he will ask the Council Monday to pass an ordinance making the desecration of the American flag a misdemeanor punishable by the extreme penalty. Under the State law a misdemeanor is punishable by not exceeding \$500 and imprisonment not exceeding six months in jail, or both.

## AT THE COURTHOUSE.

### PROBE POISING OF INK STAND.

#### COURT WANTS TO KNOW MOTIVE OF COOPER'S ACT.

Attorneys and Others Make Affidavits Pertaining to Alleged Infraction of Legal Etiquette During Trial of a Case—Contempt Charge May Result.

It is not considered etiquette to throw an ink bottle at a legal antagonist in the law courts. A few days ago W. A. Cooper, who deals largely in lodging-houses, is said to have attempted to infringe upon the legal proprieties in the manner indicated. Now trouble is brewing.

The incident took place in Judge Bordwell's court during the trial of the suit of Mary J. Knox against Mrs. John Flood and eight other defendants.

Mrs. Knox had claimed ownership of a house at No. 414 North Main street, and sold out to Mrs. Flood with a \$500 mortgage. Then the house passed through about eight other hands, and each owner took a few chairs or table or two, until, when Mrs. Hattie Cook, went into possession, she claimed there was only about half the amount of furniture in the nineteen rooms that ought to have been there. She had purchased direct from W. A. Cooper, who now has the center of Judge Bordwell's courtroom all to himself.

Mrs. Knox foreclosed on the whole bunch in an attempt to get back the money she had left in the property on mortgage. All the parties who had handled the house defaulted but Mrs. Cook, who was represented by A. L. Hutchinson, Cooper pooled his issue with Mrs. Knox, and both were represented by Attorney Bradwell.

A witness was on the stand testifying in behalf of Mrs. Cook, and told of all the pretty things that Cooper had said in order to induce her to purchase the lodging-house. While he was talking it was apparent that Cooper was getting very agitated.

This witness, Dundas, said that Cooper had said that he was going to throw an ink bottle at the judge on Saturdays and Sundays; on those nights, he said, he not uncommonly took in from \$50 to \$75 for selling.

This was too much for Cooper's patience. He reached over and seized one of the bottles on the table, and he was about to throw it at the judge when he was stopped by the court.

After court adjourned the breach of etiquette on the part of Cooper was discussed, for such little lapses as these come under the heading of contempt. Finally the matter reached the court, and the judge asked the attorneys to make affidavits setting out what he saw of the incident, and Attorney Bradwell and Attorney Hutchinson will also probably file similar affidavits. Then it is most probable that Cooper will be cited to appear to answer in a proceeding for contempt.

## FINGERS WERE SLICED.

### VIOLENCE SUIT ON TRIAL.

J. E. Breitweiser is suing the Pasadena Property Co. for \$100,000 damages for the loss of the tips of two fingers on his left hand.

For twenty years Breitweiser has been a player upon the violin, but in the shape of the accident he lost the longer able to finger the strings of his loved instrument.

The suit went to trial before Judge York yesterday and probably will be decided today. The plaintiff had been down there one day to inquire about them was informed that they were not completed. Breitweiser was reminded that he was a mechanic and did not notice that there was anything wrong with the blade of the planer, or that the machine was not in good order.

For actual damage Breitweiser claims \$100,000, and balance is made up of the amounts he alleges that he is out of pocket by the accident, and the sum he expended for medical attention.

## "DIG" KEEPERS ON THE RACK.

### JOE REDONA HEAVILY FINED BY JUSTICE ROSE.

Three Herders of Blind Porters Convicted of Selling Liquor Without License and All Pay Penalty. Simons Held for Burglary—Edwin Furze Found Guilty of Battery.

Joe Redona, his partner, Tom Torres and Mike Tomas, the manager of an alleged Greek "club," were convicted of selling liquor without license, in the Police Court yesterday, and Justice Rose imposed fines aggregating \$250 on the trio. They were arrested in different places, as they are connected with different "clubs," but all were taken in by the police on the same day, when "blind pigs" having been raided in a single afternoon about a month ago.

As he is an old offender and considered an all-around "one," Joe Redona was sentenced to the house of correction for 30 days, and the rest of the trio were fined \$150. When arrested Redona was lying on a bed in a room in the rear of his "club," and the officers were told that he was a "blind pig" and would not be taken alive.

Mike Tomas, an Irish Greek, is the manager of the "Greek Club," "Greek Club," "Greek Club," and he claimed the right to sell liquor to "club" members, but failed to show that he ran a club, as while he produced books containing liquor licenses, a constitution, he found it impossible to prove that these had been lived up to. Justice Rose fined him \$150. Torres also escaped with a fine of \$50.

Edwin Furze was convicted of battery yesterday morning and sentenced to pay a fine of \$20 or spend thirty days in the City Jail. At last accounts he was in jail, awaiting serving to fine up money he had enough to pay his fine.

Furze beat his wife because she insisted upon associating with a "girl in red." Mrs. Furze was taken to her home at No. 433 South Olive street.

## HELD FOR BURGLARY.

J. Simons was held before Justice Rose yesterday on a charge of burglary, and was bound over for trial in the Superior Court, and held under \$1500 bond. He is in jail.

## FINED FOR BATTERY.

Edwin Furze was convicted of battery yesterday morning and sentenced to pay a fine of \$20 or spend thirty days in the City Jail. At last accounts he was in jail, awaiting serving to fine up money he had enough to pay his fine.

SENT TO PATTON. Mrs. H. E. Blackman was committed to the State Hospital at Patton yesterday by Judge Trask on a charge of insanity. She was brought from Australia. She is suffering from melancholia, the result of alcoholism.

THREKELD ESTATE. Petition for letters of administration were filed by E. R. Threkeld in the estate of the late Mrs. E. Threkeld yesterday. The value of the estate is about \$250, and consists of a ten-acre ranch and two lots with cottages upon them. The estate is being administered by E. R. Threkeld, who is a married daughter in Kansas.

KNOWS HE'S CRAZY. W. G. Vivian, a man about 60 years of age, was sent to the hospital at Patton yesterday. The doctor says he knows that he was going through some kind of a mental change that caused him to feel that he was going mad, and that he was afraid of his own shadow.

FARM TOOLS. The Whittier Implement Company has incorporated with a capital stock of \$25,000, of which \$10,000 has been subscribed. The directors are J. H. Hay, H. A. Church, C. C. Cottle, N. Glazier, H. Bradstreet, S. H. R. Carruthers, J. F. Fadden, J. W. Inman, F. Sproul and J. A. Smith, all of Norwalk.

FOR BUILDINGS. The American Building Company has incorporated with a capital stock of \$25,000, of which \$10,000 has been subscribed. The directors are J. H. Hay, H. A. Church, C. C. Cottle, N. Glazier, H. Bradstreet, S. H. R. Carruthers, J. F. Fadden, J. W. Inman, F. Sproul and J. A. Smith, all of Norwalk.

REED ESTATE. The contest of probate of will in the estate of the late Amanda Reed of Pasadena will probably conclude today in Judge Trask's court. The greater part of yesterday was taken up by counsel argument on the question of the validity of the will. The question is purely a technical one, and its determination in this case may have far-reaching influence.

WAYWARD GIRL RETURNS. Tells Story to Chief of Police Which May Result in Arrest of Six Boys.

An effort was made yesterday to secure a complaint against six boys and Miss Nina Barton, charging them with inducing Miss Ray Hornaday by the mother of the latter.

Grates, O. No. 911 East Thirty-second street. Deputy District Attorney Keyes after investigating the case, declined to issue the complaint because the girl had left her home of her own accord.

Some time ago the Hornaday girl was placed in the Truelove Home at No. 2876 Griffin avenue, and ten days ago she disappeared. The police were asked to find the girl, but failed. It was learned that she had last been seen by Nina Barton, who is a number of years her senior. Wednesday evening Ray Hornaday returned to the home and the police were notified that the Barton woman was hiding near the place. Patrolman Smith went to the place and arrested Nina Barton. She spent the night in jail, but was released yesterday.

Accompanied by her mother, the Hornaday girl called at Central Police Station yesterday morning and told her story to Chief Aule. She gave the name of the Chitt who had been spending her time, but refused to implicate Nina Barton in the case. Deputy District Attorney Keyes will turn the matter over to the city prosecutor today and a complaint may be issued against the boys.

## OLD CROWNS

As the Gold Cup excludes all agents of decay it means the most perfect of all crowns, the one that is the most satisfactory to the patient where the condition of the teeth necessitate its use. When the nerve is exposed it can be entirely removed, without pain, and the tooth left intact and crowned. By this process it can be readily seen that when decay has progressed so far that the tooth is no longer serviceable, it can be replaced by a natural looking and beautiful crown. Don't make the mistake of getting a cheap crown and bridge work before consulting us. We make this work one of our specialties and can guarantee the greatest satisfaction in every case, as well as the most perfect and durable.

It is with pleasure that I state that I have had several teeth filled by Dr. Schiffman, and that he filled and extracted the teeth with the most skill and care. I am a very satisfied customer, and I can guarantee the greatest satisfaction in every case, as well as the most perfect and durable.

Dr. Schiffman has done a large amount of bridge and plate work for me, which was done in a very satisfactory manner. I am a very satisfied customer, and I can guarantee the greatest satisfaction in every case, as well as the most perfect and durable.

## HERRERA NOW AFTER BRITT.

Coming to Los Angeles to Challenge Jimmy.

Threatens to Tell How Britt Wanted to Fake.

Sullivan-Kelly Go Tonight Looks Very Good.

(BY DIRECT WIRE TO THE TIMES.)

BAKERSFIELD, March 8.—(Exclusive Dispatch.) Aurelio Herrera goes to Los Angeles tonight. Tomorrow he will post \$1000 for a fight in Los Angeles with James Britt, as he fears Nelson will not sign.

"If Britt does not consent to meet me," said Herrera to The Times correspondent, "I will tell the public how Willie Britt made arrangements with Bishop, my manager, for me to throw the fight, and when I refused to lay down for any consideration, James would not fight me."

The match in question was arranged by Billy Nolan in Butte several years ago. Herrera has taken perfect care of himself in this city since his bout with Herman.

"I will fight any 135-pounder that McCarey can secure. If there is no immediate prospect in Los Angeles, I am going East," concluded the Mexican.

NEW ORLEANS RACES.

AT FAIR GROUNDS AND PARK. (THE ASSOCIATED PRESS.) NEW ORLEANS, March 8.—Three and a half furlongs: Beatrice H. won, Hellmuth second, Wabash Queen third; time 1:44 1-5.

Six furlongs: Kings Gem won, Go To Win second, Morris third; time 1:18. One mile and twenty yards: Shenandoah won, Sincerity Bella second, Winifreda third; time 1:49.

Six furlongs: Polly Prim won, Usury second, J. C. Clem third; time 1:18. Five furlongs: Dan McKenna won, Barasay second, Owassa third; time 1:04.

One mile and twenty yards: Katie Powers won, Daniel second, Hortensia third; time 1:48 4-5.

LONG BEACH WINS.

BASKETBALL AT OCCIDENTAL. The basketball game between Occidental College and Long Beach High School yesterday resulted in a victory for the latter, 7 to 4. The Occidental court was lined with spectators. Much enthusiasm was shown by the college contingent. This is the first game of basketball the youth of Long Beach have ever been allowed to witness, as the faculty has hitherto been against having the girls play in public, so the boys tried to make up for lost time. Their yells could be heard a mile.

Occidental played the seaside girls off their feet in guard playing, while the beach girls show in forward work. The college girls have to learn a whole lot in throwing goals if they expect to do anything against Pomona college Saturday. The star for Occidental is Miss Gordon, the center. She played all around the Long Beach center. Miss Marie Means also deserves mention for the excellent guarding she did. She saved the college from a defeat that it received. Miss Brooks, one of the forwards, played a good game, until she had to retire, through lack of training.

For Long Beach Miss Hazel Daves and Miss Sarah Van Rensselaer played the best game. They play into each other's hands and do not try to make long, useless throws.

The halves were fifteen minutes from free goal throwing in the first half, and Occidental scored one point for the same reason. In the second half, Long Beach annexed two points for throwing one field goal, and one point from a foul. In the same half, Occidental scored three points for the same reason. The teams lined up as follows: Long Beach, guards, Misses Anna Musseter and Mary Dingman; center, Miss Fay Sullivan; forwards, Miss Hazel Daves and Sarah Van Rensselaer. Occidental, guards, Miss Marie Means and Katherine Darling; center, Miss Francis; forwards, Misses Vera Brooke and May Darling.

Miss Caswell of Marlborough school acted as referee.

INDOOR BASEBALL.

The La Fiesta baseball team of the Independent Order of Foresters defeated the Bishop candy factory team 24 to 8. The game was played at Henderson Hall and was a high horizontal bar. The other two exercises may be seen on the part of the La Fiesta. The batteries for the winners were Brain, pitcher; Spradlen, catcher; Bishop, pitcher; Brown, catcher. The La Fiesta has not lost a game. They are open to play any indoor baseball team in the city.

GOLF CONTEST.

COUNTRY CLUB PLAY.

The long-looked for open championship of Southern California will be played today and tomorrow on the courses of the Los Angeles Country Club on West Pico street and the general public is invited thereto to see golf as she is played by professionals. The entry list includes six "pros" and in all probability there will be as many more amateurs in the contest. Professionals entered are Rigby, Martin and Sarsinski of the Los Angeles Club; O'Neil and Taylor of Pasadena and Taylor of the Coronado Club.

The contest is at 72 holes medal play. There will be 36 holes today and the same tomorrow, 18 being in the morning at 9 o'clock and 18 in the afternoon, beginning at 1 o'clock. On form Rigby figures as the winner, for he is a steady consistent player who knows his business and he is thoroughly conversant with the course.

SULLIVAN-KELLY TONIGHT. SPORTS THINK WELL OF IT.

The much-talked of contest between Twin Sullivan and Hugo Kelly at the Pacific Club this evening looks up to be all that any one can ask for in the way of good things in a prize fight, and although the betting is 10 to 7, with Sullivan as favorite, the wise ones on the street are preparing to grab some of the short end before the prize goes higher.

Both men knocked off all heavy work yesterday and will do little or nothing today. Reports from the training campers say each one is in good condition and it stands to reason that they are both conscientious in their training. Burns has been with Sullivan and Tommy Ryan with Kelly and for such an important fight these trainers would not send their men into the ring unprepared for a hard battle. They are at the point of a prize fight. Just why Kelly should be on the short end is hard to guess for he beat Jack O'Brien badly in Indianapolis last April and any one who can

do that should not be on the short end with Twin Sullivan. The sale of seats so far assures a good sized house and several country towns are yet to hear from. The show begins at 8 o'clock sharp and the main event will be preceded by two six round preliminaries. One is between Webster and Kiki Dalton and the other between Barclay and Cole and both look good.

BRITT HANGES FIRE. MAY SIGN WITH MCCAREY. Jimmy Britt is still in town and held a long conference with Manager McCarey of the Pacific Club last night in regard to a fight here but nothing definite was arrived at. Another conference is set for today and something may be done. McCarey offered Britt a go with Kid Herman and this may be signed. Jimmy was inclined to think seriously of this, on the understanding that if he beat Herman he would be given a match here with the winner of the Nelson-Herrera fight. If that ever comes off, Britt is willing to take on any of the three men mentioned but as McCarey is anxious to match Herrera and Nelson, Jimmy may consent to Herman as a sort of a preliminary to a fight with either one of the other men.

A go between Herrera and Nelson does not seem to be in sight for the latter has theatrical engagements at present that are bringing him in a lot of easy money and he may hold to these indefinitely. Herrera is due here this morning and the chances are good that he will get something to do here in the near future.

Cricket Game. A general meeting of the Los Angeles Cricket Club will be held tomorrow night at 8 o'clock to discuss the laying out of a course and pending final action on this matter, a practice game will be played at Agricultural Park on Sunday afternoon.

STEAL COPPER BONDS. San Francisco Street Company Announced by Thieves Who Have Been Looting Its Rails.

SAN FRANCISCO, March 1.—For some time past the United Railroad has been subjected to considerable loss by the operations of thieves who have been looting its tracks of copper bonds, says the San Francisco Chronicle. As is probably generally known, the rails of an electric road are connected at every joint by copper strips or wires, known technically as bonds, to secure better transmission of the return current to the powerhouse. These bonds weigh over a pound each and are made of refined copper, and when it is considered that copper is worth 20 cents a pound, it is not surprising to see how the theft of copper bonds can be made a profitable vocation. At least it proved quite profitable for two thieves until they were apprehended on Monday of this week.

The men, who gave the names of Max Winter and Richard Wiley, were seen on the company's right of way in San Mateo county acting suspiciously, and later when they were about to board a car at Holy Cross inspector J. Francis caught them to be taken into custody. They had in their possession 100 pounds of copper bonds. They were locked up at South San Francisco and retained by Judge Cunningham held them to answer. One of them admitted that when arrested they were making their third haul, and offered to take Constable Carrozza to the place where he had disposed of the stolen copper. Carroll accompanied the prisoners and was taken to the works of the Great Western Smelting and Refining Company, at Spear and Polson streets, where the prisoner pointed out a clerk who he declared, had been paying them 10 cents a pound for the stolen copper bonds.

The United Railroads will look into the matter further.

THOMAS TRIAL GOES ON.

Documentary Evidence is Continued, With Horse-Fed Items Taking Up Most of the Day.

The trial of Everett B. Thomas continues in the United States District Court with the testimony of Dr. C. Cunningham, testimony in the main, documentary evidence.

About a dozen witnesses were examined yesterday, and the principal accounts brought up in alleged falsification were items for horse feed or hire. A number of rangers were examined yesterday, and other residents of the mountain country.

Among these was a venerable Mexican of Big Tule, who sat in great solemnity and some trepidation before the jury, the questions being translated to him by Balfrid Dominguez. Another was a crippled clerk who held the record for ranger bravery in fire fighting through Southern California, but who was put in a desperate panic by his cross-examination.

TOO ATTENTIVE, SHE SAYS. Eda Brown, a comely negro girl who lives at No. 515 New High street, swore out a warrant yesterday charging Joe Reynolds with threatening to kill her. Reynolds is a white man, and, according to the girl's story, had forced his attentions upon her, and to the extent of drawing a revolver on her.

**We Cure Men for \$12.50**  
Until March 25th, We will Treat any Single Ailment  
Except Rupture and Blood Poison for \$12.50

**Our Guarantee is Not a Dollar Need Be Paid**  
Our Special Offer: In view of there being so many afflicted with private chronic and pelvic diseases who are treating with quack specialists and inexperienced physicians without receiving any benefit, we have decided to make a special offer to charge only one-half our regular fee for curing those who are now undergoing treatment elsewhere and are dissatisfied, provided they come to us before March 25th, 1906. For instance, if you are afflicted with either Piles, Rupture, Varicocele, Hydrocele, Stricture or Nervous Decline, our charge for curing either of which without any complications, is \$25.00, we will cure you for \$12.50, and accept the money in any way you may wish to pay. We will also cure contagious Blood Poison for \$25.00, which is just half our regular fee. This liberal offer is made to enable those to be cured who have spent their money in doctoring without relief and to show the many who have treated with dozens of physicians without benefit that we have the only methods that produce a lifelong cure.
